PROFESSIONAL SUMMARY

Electronics and Communication Engineer with a strong passion for software development and hands-on experience in building full-stack web applications through academic projects and an industry internship. Skilled in developing scalable, maintainable, and user-focused applications while applying software engineering principles to solve real-world challenges. Eager to continuously enhance technical expertise and contribute to innovative software solutions.

EXPERIENCE

STEPP Internship

NOV 2024 - AUG 2025

Aark Global Inc., Jammu

- **Developed** an Human Machine Interface application using **Node-RED**, for real-time industrial monitoring and visualization.
- **Designed, tested, and validated** application workflows using **Proteus simulation** to ensure reliable system performance.
- **Debugged** application issues and optimized performance through iterative testing.

EDUCATIONAL QUALIFICATION

BACHELOR'S IN ELECTRONICS AND COMMUNICATION ENGINEERING

OCT 2021-JUN 2025

University College of Engineering (BIT Campus), Tiruchirappalli.

CGPA - 7.63

HIGHER SECONDARY SCHOOL

JUN 2020 - APR 2021

R S K Higher Secondary School, Tiruchirappalli.

Percentage - 90%

PROJECT

Mess Bill Management System ([GitHub](#))

2026

- **Developed** a full-stack hostel Mess Bill Management System using **Java, JSP, Servlets, Hibernate, and MySQL**.
- **Implemented** student management, meal attendance tracking, automated bill generation, payment processing, and late fee calculation.
- **Integrated** email notification functionality to send bill and payment updates to students automatically.
- **Designed** reporting dashboards and applied **OOP, Hibernate ORM, and MVC architecture** to build a scalable and maintainable application.

Personal Portfolio Website ([GitHub](#) | [Live](#))

2026

- **Developed** a responsive personal portfolio website using **HTML, CSS, JavaScript, and React.js** to showcase my professional profile.
- **Built** reusable React components with responsive layouts and interactive user interfaces for seamless navigation.
- **Deployed** the portfolio on Vercel with continuous deployment through GitHub.

TECHNICAL SKILL

PROGRAMMING LANGUAGES : Java

FRONTEND : HTML5, CSS3, JavaScript, React.js.

BACKEND : JDBC, Servlet, JSP, Hibernate, Spring Boot, REST APIs

DATABASE : MySQL

TOOLS & PLATFORMS : Eclipse, VS Code, Postman, Git, Microsoft Office 365.

CORE CONCEPTS :DSA, OOP, Collections Framework, SDLC, Problem-Solving, Analytical Thinking.

TRAINING

JAVA FULL STACK TRAINING - QSpiders, Chennai.

ACHIEVEMENTS

Solved more than **200+ Coding Problems** on LeetCode Platform.
