PROFESSIONAL SUMMARY

Electronics and Communication Engineer with a strong passion for software development and hands-on experience in building full-stack web applications through academic projects and an industry internship. Skilled in developing scalable, maintainable, and user-focused applications while applying software engineering principles to solve real-world challenges. Seeking a Software Developer / Full Stack Developer role to apply and grow these skills in a production engineering team.

SKILLS

PROGRAMMING LANGUAGES	: Java, SQL
FRONTEND	: HTML5, CSS3, JavaScript, React.js
BACKEND	: JDBC, Servlet, JSP, Hibernate, Spring Boot, REST APIs
DATABASE	: MySQL
SOFTWARE DEVELOPMENT	: Object-Oriented Programming, Data Structures and Algorithms, SDLC
TOOLS	: Git, GitHub, VS Code, Postman, Eclipse
SOFT SKILLS	: Analytical & Problem-Solving, Communication, Adaptability & Learning

PROFESSIONAL EXPERIENCE

Internship – Aark Global Inc., Jammu	NOV 2024 – AUG 2025
Staff Engineer Trainee	Remote
- Built a Human Machine Interface (HMI) application using Node-RED for real-time industrial monitoring and visualization. - Designed, tested, and validated application workflows using Proteus simulation to ensure reliable system performance - Debugged application issues and optimized performance through iterative testing.	

KEY PROJECTS

Mess Bill Management System - 2026	GitHub
- Engineered a full-stack hostel Mess Bill Management System using Java, JSP, Servlets, Hibernate, and MySQL. - Implemented student management, meal attendance tracking, automated bill generation, payment processing, and late fee calculation. - Integrated email notification functionality to send bill and payment updates to students automatically - Designed reporting dashboards and applied OOP, Hibernate ORM, and MVC architecture to build a scalable and maintainable application.	
Amazon E-Commerce Clone - 2026	GitHub Live
- Created an Amazon e-commerce clone using HTML, CSS, and JavaScript with cart and checkout functionality. - Implemented product listing, cart management, order handling, and delivery date selection using JavaScript. - Deployed the application on Vercel with continuous deployment through GitHub.	

EDUCATION

B.E. – Electronics and Communication Engineering	2021 – 2025
University College of Engineering (BIT Campus), Tiruchirappalli CGPA: 7.63	
Higher Secondary School	2019 – 2021
R S K Higher Secondary School, Tiruchirappalli Percentage: 90%	
Secondary School	2018 – 2019
R S K Higher Secondary School, Tiruchirappalli Percentage: 85%	

TRAINING

Java Full Stack Training - QSpiders, Chennai

ACHIEVEMENTS

Solved **200+** coding problems on [LeetCode](#).
